

White Gate Wine Co

Barossa Valley, SA - Organic Viticulture (Some Certified)

Drawing inspiration from Burgundy and Beaujolais, Chad and Gee, with help from good boy Zeus, aim to express the Barossa in a new light with fresher, more graceful wines that break the big bold stigma. Small batches are meticulously tended to by adept hands of the passionate, progressive young couple, quickly finding their feet and producing outstandingly clean wines from their first vintage in 2020.

They manage a quaint block of 90yr old Grenache and Semillon, another of Riesling and source fruit from like-minded, passionate growers that share their values.

Experimenting with early harvest times, plenty of whole-bunch and whole-berry ferments, they raise unique wines of balance and energy. Lifted aromatics, juicy fruit and subtle tannins, with the power and structure of Barossa to fill out the palate.
