

il Cattivo

Currency Creek, SA - Low Input & Organic Viticultures

Il Cattivo wines are a joyous range of mostly Italian varieties here for great drinking at exceptional value by Richard Bate and Anthony Catinari.

They grow Fiano and Montepulciano on their estate in Currency Creek, a salute to Anthony's Abruzzo heritage, and source fruit from surrounding Fleurieu regions, Adelaide Hills and Mundulla (Limestone Coast).

A minimal intervention philosophy is used to best express the fruit and it's origin. White wines display varietal typicity and short macerations yield soft, youthful reds.
